## PULLEY GOES FREE.

Slayer of Jim Brown Acquitted By the Jury.

Other Important Cases On Docket to Come Up This Week.

The murder case of the commonwealth against William Pulley, charged with killing James D. Brown April 10, 1902, was tried last week and Pulley was acquitted by the jury after being out only forty minutes.

The plea was self-defense. There were no direct witnesses for the commonwealth, which had to make out its case by cross-questioning defense witnesses. Pulley proved by several witnesses that Brown had frequently threatened his life and he testified that Brown began the attack and shot him in the shoulder before he began shooting himself and the duel continued until Brown was killed. The evidence for the prosecution was very meagre and the jury did about the only thing it could have done under the circumstances.

The indictment against Tom Bond for malicious striking was found to be defective and was dismissed. The case will be re-submitted to the next grand jury. Bond was recognized in the sum of \$200 for his appearance.

John Rickman's administrator vs. the L. & N. Railroad Co. dismissed without prejudice. Rickman was a negro killed at the Bradshaw crossing last April.

Jim Will Anderson and Burrell Wiley, two of the men charged with the murder of R. H. Coffey, have given bonds of \$1,500 and \$1,000 respectively. They were released Saturday.

The cases against J. P. Miller and C. J. Miller, indicted for counterfeiting, will be tried to-day. J. P. Miller has been brought back from Owensboro and C. J. Miller is under bond. They are the men caught passing raised bills during the street fair.

Grant Parrish, col., who killed Stephen Stewart, col., in a harvest field two years ago, will be put on trial to-morrow. Parrish fled and was captured about three weeks ago near Clarksville.

Court will adjourn this week.

## TENNESSEE CENTRAL

Will Soon Let Contract For Link With Illinois Central.

Nashville, Tenn., June 20.—President Baxter, of the Tennessee Central, said to-day that the contract for building of the Tennessee Central from Clarksville to a connection with the Illinois Central near Gracely or Hopkinsville would be let in two weeks, or just as soon as he and Vice President Chapman could go over the different surveys and select the route. He also hoped to have the link between Nashville and Clarksville complete within ten months.

## DEATH NEAR FAIRVIEW.

Farmer Passes Away After Illness of Several Months.

Mr. L. L. Wilkins, a farmer of near Fairview, died Saturday night and was buried Sunday. He was about 50 years old and had been in failing health for several months. He was a member of the Methodist church. Deceased is survived by a widow and one child.

## Ready for the New Wall.

The Planters Bank and Trust Company has removed the side wall of the Howe building without accident of any kind and is now ready to begin replacing the old wall with a new and stronger one. This is the first step to be taken in remodeling the old building for the use of the bank.

## MRS. SALLIE B. WARE.

Death in Tennessee of This Most Estimable Woman.

Was Wife of the Late T. P. Ware And Has Numerous Relatives in Hopkinsville.

Mrs. W. F. Cox, of Gracely, received a telegram informing her of the death of her sister, Mrs. Sallie B. Ware, at Bolivar, Tenn., last Friday.

Mrs. Ware was a sister of Mrs. J. B. Torian and Mr. Trigg Hunter, both of this place.

She was the widow of Mr. T. P. Ware, brother of Dr. R. W. Ware and the late W. W. Ware.

Mrs. Ware lived in Jackson, Miss., until about eight years ago, when she moved to Bolivar, Tenn., where she resided up to her death. She was 71 years old and had been a member of the Episcopal church for a number of years.

She was a woman of unusual intellect and enjoyed a wide popularity.

She is survived by one son, Rev. Chas. S. Ware, who is president of the college at Bolivar.

The interment took place at Memphis Saturday.

## BROUGHT BACK

To Face Charge of Murder Committed 16 Years Ago.

Clarksville, Tenn., June 21.—John Terrell, alias John Woodward, has been arrested in Hillsboro, Texas, and taken to Dover, Tenn., charged with a murder that took place in Stewart county in 1884.

John Terrell, his nephew, Maxie Terrill, and William Russell were all courting the same girl, who favored Russell. One night, at prayer meeting, Maxie Terrill sent Russell word that some one wanted to see him at a lonely spot near by. Russell suspected nothing and responded to summons promptly. Maxie Terrill is then said to have literally cut Russell to pieces with a knife, and the uncle, John, is alleged to have held Russell while the younger man did the work.

Maxie escaped, but was captured a year later in Indian Territory, brought home, tried and sentenced to hang, but he died in jail before the day of the execution came to hand. John Terrell was arrested, but succeeded in making his escape, and he has been in hiding ever since.

Terrell declares that he was trying to separate his nephew from Russell, and was not holding the latter when the murder was committed.

## LOST DEED

Basis of Suit for Land in Two States.

A deed supposed to have been destroyed at the death of its owner, 20 years ago, is the basis of a suit for 1,300 acres of land in Muhlenberg County, Ky., which will be filed this week at Owensboro by Mrs. Jane Graham, of East St. Louis. She is the widow of Philip Graham once a prominent capitalist of St. Louis.

At the time of his death, he was interested in coal and timber resources of Kentucky and Tennessee and when he died his deed was lost or stolen and the title became clouded. The suit will involve the same amount of land in Scott and Pentress counties equally rich in coal and timber.

## A Military Wedding.

Walter Collins and Miss Lena Deulah Barnett, of Ohio county, were married in Owensboro Saturday. The young man after wronging the girl attempted to leave the country, but was arrested in Evansville and the wedding followed.

## HEAVY DAMAGES

Given Shelton for the Loss of Both Legs.

John W. Shelton, of Columbia, Tenn., formerly of Bowling Green, Ky., had the misfortune about eighteen months ago to get both legs cut off on the Santa Fe road in Indian Territory. He brought suit, refusing an offer of \$5,000 as a compromise. The jury awarded him \$35,000 damages and the company appealed. Last week the Court of Appeals affirmed the decision of the lower court. This is said to be the largest recovery for personal damages ever made in the United States.

Mr. Shelton will go into the hotel business at Okaloosa, Mass.

## FELL DEAD.

Colored Man's Sudden Summons Yesterday Morning.

Dick Poseley, a well known colored man, dropped dead on the street yesterday morning.

He was moving from the Boyd place on West Seventh street, to a house in the rear of the court house and had just carried a piece of furniture upstairs. On descending the steps he reeled and fell, dying in about three minutes.

Esq. Williamson held an inquest and the verdict of the jury was "death from heart failure." He was about 70 years old.

## TWO TRCTS

Of Christian County Land Sold Here Yesterday.

Esq. L. O. Garrott, administrator of Mrs. Julia A. Buckner, deceased, on yesterday, in this city, sold the Horace Buckner home place, near Longview, to Mr. R. F. Rives for \$33,10 per acre. There are 442 acres in the tract.

The Salubria Springs tract of 260 acres belonging to same estate, was sold to Mrs. E. A. Lowry at \$10 per acre.

## THOMAS-OWEN.

Young Couple Married Sitting in a Buggy.

Mr. Marion Thomas and Miss Thomas Ward Owen, a young couple living a few miles west of the city, were married Sunday morning at the residence of Rev. A. W. Meacham, near Gracely. The couple drove up to his front gate and the venerable minister, now in his 85th year, was called to the gate and married them sitting in their buggy.

Mr. Thomas is a son of Mrs. Mary Thomas, of this city, and a brother of Capt. Hiram Thomas

## KICKED BY A MULE.

Boy Who Shot Another, in a Critical Condition.

Lafayette Ky., June 20.—The 13 year-old son of William Brodie, col., who shot John Brewer, another colored boy about ten days ago, was kicked by a mule Tuesday and is in a critical condition. Brewer is improving, and though shot through the brain, will probably recover.

Born on the 18th inst., to the wife of Rev. J. L. Kilgore, of this place, a nine-pound girl.

## National Specialism in Medical Treatment.

Almost every community has one physician who has had remarkable success in the treatment of certain diseases. Other doctors envy him, but he doesn't give the other doctors the secret of his cures. He worked to win that secret. His discovery demanded time, thought and brains. He keeps the secret he won, goes on curing these special diseases and presently develops into a specialist. People come at last thousands of miles to be treated by him and to take the medicine which has cured so many others of a similar disease.

But people to come thousands of miles must be rich, and the number of patients who can be personally treated must be limited. Let us suppose this successful physician who becomes a specialist, takes another view of specialism. Let us suppose that he says: "If I treat only a few who are near me or can afford to come to me and pay large fees, I can reach but few people. There must thousands die whom those other doctors can't cure, because they haven't my secret and because they can't reach me, and in many cases don't know me. Why not go out to the people instead of their coming to me? Why not give my medicine to the many at a small cost rather than to the few for large fees? Why not put my successful preparations, place them in every drug store within reach of the sick, and tell the people through the newspapers what this medicine will do?"

That is the thought that came to Dr. R. V. Pierce, of Buffalo, N. Y. He had succeeded with two prescriptions in a remarkable way. He came to the place where the call for his services along the line of the cures he effected compelled him to become a specialist. He could not give time to the treatment of other forms of disease which many an other physician could cure as well as he. He was compelled to specialize his work along the lines of his success. Now the question came, shall I be a narrow specialist or a broad one? Shall I be a local specialist or a national specialist? Shall I take the few large fees and know that there are thousands who can't pay me or reach my treatment, or shall I put up this medicine, send it all over the country and sell it at a price within the reach of all?

Dr. Pierce decided to be a National Specialist, to accept for his put up prescriptions the odious title of "patent medicine" and trust to their successful cures to vindicate his action.

How thorough this vindication has been is witnessed by thousands of healthy men and women who owe health and even life to Dr. Pierce's Golden Medical Discovery, which cures diseases of the stomach and other organs of digestion and nutrition, and Dr. Pierce's Favorite Prescription, which cures women's diseases.

Modern conditions demand that we do not class ourselves like Dr. Pierce with the "patents" of the past, but call them in proper terms, put-up prescriptions.

## Taxable Property.

Frankfort, Ky., June 17.—The total value of property subject to taxation in Kentucky, as equalized by the state board of equalization, is \$508,829,633. On this the state will pay this year, at 30 cents on the \$100, collect \$2,994,148.36. This valuation is an increase over the work of the county assessors of \$11,065,855, they having reported to the auditor a valuation of \$587,763,778 after the deduction of all exemptions. Last year the valuation as reported by assessors was \$579,083,534 showing an increase by them this year of \$8,680,244. The valuation, as equalized by the state board last year, was \$589,157,820, showing an increase this year over last year of \$9,672,813, and the amount of tax collected last year was \$3,789,494.87, which is \$195,653.29 less than will be collected this year under the increased tax rate.

## OFFICIAL CALL.

For Congressional Primary Election August and.

At a meeting of the Democratic district committee of the Second congressional district of Kentucky, held pursuant to a call of the chairman, in the city of Hopkinsville, May 10, 1902, the following call was issued:

It is hereby ordered that for the purpose of nominating a Democratic candidate for congress in the Second district, a legalized primary election be held in all the counties and precincts of the district on Saturday, August 2nd, 1902. Said primary election shall be held under the provisions of Article XII. of the Kentucky election laws, between such hours and in such manner and form as regular State elections are held.

It is further ordered that no candidate shall be allowed to select as his voting device the regular device of the Democratic party, and each candidate is required to comply with all the requirements of this committee by 2 o'clock, p. m. July 11, 1902, or his name will not be printed on the official ballots for said primary election.

All Democrats of whatever shade of belief, regardless of any differences that may have heretofore existed, and such young voters as will have reached the age of twenty-one years by the Nov. election, who wish to affiliate with the Democratic party and will pledge themselves to support the nominee of the primary election hereby ordered, shall be entitled to vote in said election.

The candidate receiving the highest number of legal and qualified votes cast in said election, shall be declared the nominee of the Democratic party of the Second district for representative in congress.

The committee will reassemble in the city of Henderson at 10 o'clock a. m. July 1, 1902, for the purpose of completing all necessary arrangements for holding the primary election hereby ordered.  
D. W. Gatlin, Chas. M. Meacham, Secretary. Chairman.

## Read it in His Newspaper.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows his paper aims at giving him the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief therefrom. "After using the Pain Balm for a few days," his wife said to me, "I feel as though born anew," and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties. He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by C. K. Wylie.

## Have Arrived Just Twenty Years.

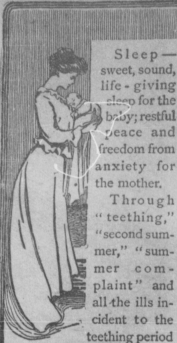

At No. 8 N. Main St., Hopkinsville, and expect to remain not only a few days but as long as life lasts, and continue to honestly furnish the public with not only diamonds, watches, clocks and jewelry, but with reliable, good spectacles as low as one dollar and from that up. We make specialty of examining the eye scientifically, and fit frames and lenses correctly and honestly; also do a thousand thank jobs for our faithful patrons. Nowhere or by any one can the refractive errors of the eye be corrected any better than by our home optician, M. D. Kelly, notwithstanding alluring advertisements to the contrary.

## MINER KILLED AT STURGIS

By an Explosion in the Paducah Coal Company's Mines.

Sturgis, Ky., June 17.—A horrible death from an explosion and fire occurred about noon in the mines of the Paducah Coal company at this place. James Holeman, one of the most respected and popular men in the mines, entered one of the rooms for the purpose of drilling out a shot which failed to go off last night, and it is supposed the fuse was still burning and suddenly sent off the shot. His head was nearly blown off and his body horribly burned.

When dragged from the room by another miner named Hanley, who was also knocked down by the shot and badly bruised and burned, Holeman's body was still burning, and he survived but a short while.

## \$17,000 FOR A HUSBAND.

And the Young Man Didn't Wait for a Second Proposal.

A Cincinnati special to the New York World says: Miss Rosa E. Guggenheim, of Chicago, who is worth \$2,000,000, paid \$17,000 to the young man of her choice, the only consideration being that he should marry her and should care for her children if she had any. Thomas G. Fisher, 38 years old, is the young man who made the trade with her and who was made her husband. He is manager of the Cable Company of Chicago. Miss Guggenheim is the divorced wife of Henry L. Wineman. She applied for the license.

After securing the license the couple went to the court-room of Judge Meek, where they made acknowledgment to the anti-nuptial agreement. The agreement was carefully drawn up by a Chicago attorney, and stripped of legal verbiage, was to the effect that Miss Guggenheim, the bride, should pay Fisher \$17,000 in cash in consideration of marriage. The money was given to the groom without any conditions or reservation save the agreement to marry her. The document says that the money is given to Fisher in fee simple to use as he pleases.

They were married at the home of mutual friends here. The draft for the money was on a New York bank.

## Entertaining Newspaper Features.

Probably no other newspaper in the United States can show so brilliant an array of special features as is found in the columns of the Chicago Record Herald.

The daily and Sunday news, and special features of the Chicago Record Herald includes the letters of William E. Curtis and Walter Wellman. The Record Herald's special New York dispatches, its unparalleled foreign news service, embracing its own special cables with those of the New York Herald and the Associated Press; its pages devoted to the markets and financial and commercial intelligence—exclusive to the most satisfactory feature—its popular sporting pages, its extended editorial department, Kiser's humorous "Alternating Currents," "Stories of the Day," the departments of railroad and insurance news, music and drama, sports and clubs, the column of book reviews, the continued story, the "Woman Beautiful" department, the daily fashion article, "Meals for a day," news of the great lakes, etc.—all uniting to furnish to the people of Chicago and the northwest a newspaper which commends itself to discriminating readers as only a newspaper can which combines the world's best facilities of the greatest metropolitan newspaper of modern times.

A congressional primary will be held in the Clarksville district in August. There are two candidates who have put up the entrance money. They are Congressman Jno. W. Gaines and Gen. M. H. Meeks.

Judge T. J. Nunn, candidate for Judge of the Court of Appeals, was here Saturday and takes a very rosy view of his prospects for the nomination. He expects to carry Henderson, Union and Webster counties in Dorsey's district and Hopkins, Caldwell, Crittenden and Livingston in his own, giving him 18 votes to start with, or within 18 votes of the nomination on the first ballot. Judge Nunn is putting a good deal of life into what has heretofore been a listless campaign and it is already conceded that, although the last to enter, he is the man they all have to beat.

The selection of a superintendent for the Hopkinsville Public Schools is a matter in which the people feel the keenest interest. The members of the Board of Trustees, in deference to public sentiment, are disposed to go slow in filling the vacancy. The public schools, in the 21 years of their existence, have had but two superintendents. Both were good ones and have raised a high standard of efficiency, to which their successors must conform or there will be great public dissatisfaction. The KENTUCKIAN will not assume to advise the trustees, for they are all clear-headed business men, not only friends but patrons of the schools, who feel the same concern that all their fellow-citizens feel. We have only one suggestion and that is that all interested men should be ruled out at the start. The schools are not a kindergarten for amateurs. There are nearly a thousand children whose interests are at stake and the superintendent should be thoroughly experienced, not only in school work but in the class of school work to which his energies must be directed. There are many applicants and the trustees should apply their own excellent business methods to this vitally important public duty and be sure they are right—then go ahead.

The Democratic committee has acted wisely in postponing until 1903 the consideration of questions to come up seventeen months hence. When in doubt, it is always safe to do nothing. The committeemen who were honestly of the opinion that early action would please the people and benefit the party, were brought to realize that any new policies sprung at this time of party re-organization would be of very doubtful expediency. Like the fair-minded and conservative Democrats that they are, Messrs. Ayers and Ringo agreed to defer to the judgment of the older members of the committee and adhere to the old precedents. When the political decks have been cleared for action in the campaign of 1903, it will be time enough to open fire.

The senate Friday by a vote of 42 to 34 adopted the Spooner amendment to the Hepburn Nicaragua canal bill. After amendments had been adopted providing for a commission and for the issuance of \$130,000,000 of Gold bonds, the Hepburn Bill for the construction of the Panama canal was passed by a vote of 67 to 6. In the vote on the Spooner amendment, the one Democrat who voted with the Republicans was Senator Jones of Arkansas. The House 4 months ago passed the Nicaragua bill and it remains to be seen which bill will become a law.

The Annual meeting of the state Bar Association will be held at Lexington July 2 and 3. Among the subjects to be discussed will be "Qualifications of a Lawyer" by Judge Malcolm Yeaman, of Henderson, and "The Glorious Uncertainties of the Law," by Hon. C. U. McElroy, of Bowling Green. There will be a banquet at the Phoenix Hotel on Thursday evening July 3.

Having no opposition, the following nominations have been announced by the Democratic committee in Louisville: For Congress, Swager Sherley; for Judge of the Court of Appeals, Henry S. Barker; for Circuit Judge, Upton Blair. In the other Circuit Judge's district, there is a hot contest between Capt. Frank Hagan and Thos. R. Gordon.

Judge L. P. Little, of Owensboro, is now a full fledged Republican and presided over the convention that instructed for Judge Guffy.

Editor W. P. Walton, a candidate for Railroad Commissioner in the Second District, is trying to get the call for the snap convention October 5 rescinded, in order that the contest may come up at the proper time next year.

Judge Dempsey has been singularly fortunate in his previous races for Railroad Commissioner, but a very strong field is being brought out against him in the contest to come up next year. The leading candidate at present is Mr. Webb C. Bell of this county. Another prominent candidate is Mr. E. R. Samuels, county clerk of Hickman county, whose home paper, the Clinton Democrat, says:

"There is no constitutional limitation upon the number of terms a man may serve as railroad commissioner, nor is there anything in the federal constitution to prevent a man from serving the third term as president of the United States. But by custom and common consent a third term as president is practically prohibited. In the absence of a statutory provision it is well enough for the people to create a custom, dating from next year, that no man shall hold the office of railroad commissioner longer than eight years. It is an honorable and easy filled office, the salary is \$2,000 a year and traveling expenses and a clerk to do all the hard work. Mr. Dempsey may make an ideal commissioner, and doubtless he would like to hold his job for life; but the people should not permit it. Pass the platter around. There are plenty of other good men in these thirty-nine counties who would enjoy a taste of the good things Mr. Dempsey has had all to himself since the office of railroad commissioner was created.

The Uniontown-Telegram is trying to excite the prejudices of the people of Union county against Mr. Brasher, by charging that he was in favor of putting Union county into a new senatorial district. There has been some talk of this kind in this county also, in the interest of other candidates, but it has had no perceptible influence on public opinion. Whether or not Mr. Brasher was in favor of redistricting the State is not an issue in this contest and it is not a question in which any sort of responsibility can be placed upon him. He has never been a member of the Legislature and therefore has never been in a position to influence State legislation. If elected to Congress he would have to deal with national and State legislation and there is just as much reason for holding him accountable for ordinances passed by the City Council of Morganfield or Uniontown, as there would be to hold him responsible for bills the last legislature did or did not pass. It is well enough to be fair to all of the candidates and at least three of the four candidates have made no legislative records that are proper subjects of discussion in this race. Mr. Stanley's speeches as elector, Judge Taylor's services as county judge and Mr. Brasher's record as county clerk are legitimate subjects for campaign issues, but any opinions they may have held upon any or all of the 600 bills killed by the last legislature are not pertinent at this time.

In the Connecticut Constitutional Convention 168 delegates labored four and a half months to form a constitution which was submitted to the people last week and which was rejected by a vote of 10,333 to 20,873.

## Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child awakes at night, it is unable to control the passage, it is the cause of bed-wetting, depends upon it, the cause of the trouble is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the harmless effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar sizes. You may have a small bottle by mail, also a complete letter.

None of these thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

## BY SPECIAL REQUEST

Dr. G. Goldstein Will Return  
June 27 and 28--2 Days.

It is my specialty to fit glasses in such a manner that they relieve the strain perfectly, fitting the eye with spectacles that you can wear with ease and comfort, thus preserving the eye. In examining the eye only the latest and most improved methods and instruments are used.

Physicians especially are invited to call and investigate my methods of correcting errors of refraction. Many cases of headache, neuralgia, nervousness, irritability, insomnia, vertigo, nervous prostration and the seeming stupidity of children are often due to defective vision caused by the abnormal curvature of the cornea or crystalline lens, or to an irregularity of the refracting media of the eye and are relieved by the application of the proper glasses. 90 per cent of the people over 40 years of age need glasses and 50 per cent of the 90 need them for distance.

Glasses are not always given to improve eyesight, but to relieve undue strains—in other words to assist nature. Thousands of eyes are ruined yearly. Seven persons out of ten have neither eyes alike, and one out of twenty Astigmatism, hence the necessity of testing each eye separately. Special attention is given to any inequality that may exist between the refraction of the eyes.

Optical science has made rapid advances within the last few years. The correct adaptation of spectacles has become a distinct profession. The optician who thoroughly understands his business realizes fully that in adjusting the glasses for his customers he is treating with a most delicate and precious organ where the slightest error may result seriously, while, if he does his work well he not only gives comfort and ease to his patrons, but in many instances restores the sight.

Special care should be taken in selecting the first pair of spectacles nor should it be attempted without the aid of a responsible optician. It is most important that the lenses should be accurately centered and of the best quality, and the frames so made that the wearer looks directly through the center. Glasses nicely fitted to the face become an ornament as well as a necessity.

Fitting children with spectacles is a specialty. Parents, do not neglect your children's eyes.

Difficult cases solicited. All questions in regard to the eyes are cheerfully answered. Consultation and examination free.

FRED ROBERTS

**The Owensboro Politician, Dies in The Asylum.**

Mr. Fred H. Roberts died Saturday morning at the Asylum. His remains were taken to Owensboro, the funeral being from the house at 2:30 o'clock, with services by Rev. T. R. Kendall, pastor of Settle chapel Methodist church.

He was born in Owensboro April 11, 1845. His father was Dr. Henry B. Roberts, and his mother was Miss Harriett H. Davies, daughter of Col. John Davies, for whom Davies county was named.

He was formerly a newspaper man and for four years was Gov. Bradley's private secretary. He had been in the Asylum a year or more.

**TAYLOR'S PROSPECTS**

Hancock Man Says His Nomination is Assured.

Mr. Geo. Madden, the best posted man in the district, was in the city Monday, and says he will write one million dollars worth of insurance, payable when Penn Taylor receives the nomination for congress. He claims Hancock, Davies, McGee and Union counties for him, and believes he will carry Henderson. The people of this district seem to be united on one idea, and that is to be represented by a clean, honest, brainy, sober man, and why not? The district leads all others in wealth, education, progressiveness and everything that goes to make up a great people, and should have a representative in Congress—Hawesville Plaindealer.

**Quit It.**

The Democrats of the Second district have observed with more or less disgust the acrimonious debates of two of the candidates for Congress. No manner of good is accomplished by this kind of campaigning. It injures the men engaged in it and may injure the party. It ought to be abruptly stopped. The agreement to engage in joint debates by the four candidates was perhaps a mistake. They are all agreed, we believe upon party issues. There is nothing between them, therefore, to discuss except personalities, and the temptation to do this seems to be irresistible to two of them. In any event four speeches to one crowd on a hot afternoon is a severe punishment. None of the candidates can speak long enough to do himself full justice and to hear four of them is awful. It is a pleasure to the Davies county friends of Judge Taylor to learn that he has engaged in none of this unseemly personal discussion, and that Taylor stock consequently has risen all over the district. His chances for the nomination are considered by those best informed most excellent.—Messenger.

**MAYOR YEWELL,**

OF OWENSBORO, KENTUCKY.

In an Interview With Our Reporter Tells How His Son's Life Was Miraculously Saved.

The mother and father never forget the pains and pleasures that clustered around the first years of their children's existence. They are found talking about these incidents long after the children have emerged into manhood and womanhood and have gone from the parental roof.

The Hon. Martin Yewell, who is now mayor of the city of Owensboro, Ky., has always been a plain, unassuming man. He has never courted notoriety. In fact, he has always shunned even the appearance of ostentation. At the same time he has never been ashamed to speak his sentiments on anything and to anybody. He now has a boy and girl verging on to promising manhood and beautiful womanhood who are the pride of his life. He does not hesitate to tell you that he owes the life of his boy to Owens Pink Mixture and that he attributes much of the bloom of youth and vigor of his daughter to the use of this wonderful children's remedy.

"You know that I do not care to have my name in print about anything," said Mayor Martin Yewell, as he pushed his chair back from his desk where he had been a busy man for several hours attending to the business of a thriving city. "But I will recommend the use of Owens Pink Mixture in any family where there are little children. It has now been eleven years since I first knew what the medicine was. Our first child was a boy, and, of course, we were wrapped up in him. No sooner had he begun to cut his teeth than he began to waste away. His stomach was deranged and it seemed as if nothing could control his bowels. As well as I remember, three or four physicians had been called in. My wife and I had about despaired of ever saving the little fellow. The physicians all pronounced it the most aggravated case they ever saw. The little thing looked as if it was a mere shadow, when some one suggested to my wife to get a bottle of Owens Pink Mixture and try it. We had no confidence in its effectiveness in the case, but we were willing to try anything that was suggested.

"I want to state that from the very first dose given the baby its first dose was nothing less than magical. It was with happy hearts that my wife and I watched new life come to our little one as we sat through the silent hours by his bedside. Within a week from the time we had given the first dose the little fellow had so gained in strength that you could hardly have told that he had been so near death's door. He fattened, though he was cutting teeth all the time. While at the beginning nothing would lay on his stomach, still there was never any more ill effects in this particular from the time the first dose was given. Soon we began giving it solid nourishment to our great satisfaction. I firmly believe that this medicine saved my boy's life, and nothing in the world will ever lead me to disbelieve it.

"As I said in the outset, we used the medicine with most excellent results on both our children. As the baby girl neared the teething season we purchased a bottle of Owens Pink Mixture and gave it to her constantly until this most trying period of her life had passed. With her we had no trouble, and we attribute our good luck in this instance to the effects of the medicine. All along she was healthy looking, plump and full of vim and vigor. She did not mind taking the medicine any more than she would to take a drink of milk. Since our two children have grown up my wife and I have recommended the medicine a hundred times or more to our friends and neighbors. It should be in every household where there are little children."

Owens Pink Mixture is a perfectly harmless preparation for teething children. It allays irritation and makes teething easy. It regulates the bowels and stomach, promoting rest, contains no opium, no morphine, no laudanum, or other poisonous drugs. It is a pleasant

and perfect remedy for Summer complaint, diarrhoea, dysentery, convulsions, loss of sleep, feverishness, constipation, or sour stomach. Owens Pink Mixture is put up in two sizes of bottles, 25c and 50c. For sale by all druggists. A trial bottle will be sent free to any one addressing the Floyed Medicine Co., Detroit, Mich.

**NEW SURVEY MADE**

By L. & N. and Road Bed May be Changed.

The L. & N. has made a new survey from a point West of Sulphur Fork to Mauls's crossing near Springfield, Tenn., and it is probable that the road bed between these points will be changed.

At present there is a very heavy grade between these places and the grade by the new route would not be more than half as great as it is now. The distance would also be shortened between a quarter and a half mile. If the company decides to make the change the Springfield depot would have to be moved half mile west of its present location. The long grades approaching Red river, six miles South of Guthrie, will also be cut down and the line of the road slightly changed.

**The Largest Dog.**

Oakland, Cal., claims the distinction of having the largest known dog in the world. It is a huge St. Bernard of the smooth-coated variety. He bears the name of Rex Watch, and belongs to J. J. Duckworth, Jr. There may be other dogs larger in some one particular, but taking him by pounds and inches, it is believed Rex Watch can make good the claim put forth in his behalf.

He weighs 207 pounds. He measures six feet eight inches from tip to tip.

He stands thirty-seven inches high at the hips and thirty-five inches at the shoulder.

His girth is forty-seven inches. It takes a thirty-three inch collar to circle his neck.

His ankle spans eight inches. Rex Watch is not quite four years old, and is still growing.

**ACTION POSTPONED.**

Railroad District Committee Puts Quiletus on Snap Convention.

The meeting of the Democratic Committee of the First Railroad Commissioner's district at Dawson Saturday was featureless, except for the large number of politicians present and the announcement of a new candidate to succeed Judge J. Fletcher Dempsey. State Senator McD. Ferguson, of Paducah formally entered the contest with J. F. Dempsey, Webb C. Bell, James D. Watson and E. B. Samuels.

Three of the committee members attended the meeting—Chairman Mott Ayers, of Fulton, Charles M. Meacham, of Christian, and Ben D. Riago, of Ohio county. The other two—G. W. Roark and S. B. Dishman—sent proxies instructed against holding any convention before February, 1903.

Finding that three of the five committee members were opposed to a convention to be held this year, the two advocates of an early convention—Messrs. Ayers and Ringo—agreed to an indefinite postponement of any action at this time. It is probable that the question of calling a convention will not be considered again until next winter and that the convention will be held about the usual time in the spring.

Among the prominent Democrats present were Gus W. Richardson, of Gaston; John B. Chenault, Frankfort; James D. and son, Joshua White, Bardwell; Jake Corbett, Ballard county; Loving W. Gaines, Elkton; E. B. Walker, Clinton; Henry D. Hines, Frankfort; Henry Lawrence, Cadiz, and John A. Goodman, Elkton.

All the candidates attended except Senator James D. Watson, of Graves county.

**Addition to the Bar.**

Mr. Jefferson Moore, a young lawyer who graduated last year from Cumberland University at Lebanon, Tenn., has located here to practice his profession. He is a son of Mr. Henry F. ## Profit Sharing!

The Cincinnati Enquirer

**\$97,000**

To be distributed to such of its readers who care to engage in an intellectual and profitable study. A contest that will familiarize them with the population, voting power and government of the State of Ohio.

## The Problem is,

What will be the Total Vote in Ohio for Secretary of State at the general State election, to be held on Tuesday, November 4, 1902.

\$12,000 will be presented to one making the nearest correct estimate.

\$12,000 additional if an exact correct estimate is made, making a total of \$24,000 for a correct estimate.

An additional sum of \$10,000 will be given by the Daily Enquirer for an exact correct estimate if received on or before July 31, 1902, provided such estimate is made by a monthly subscriber to the Daily Enquirer at time of making such estimate.

There are 4,187 cash prizes in all, several of which equal a life-time competence.

\$1.00 for a year's subscription to the Weekly Enquirer entitles subscriber to one estimate.

\$1.50 for a monthly subscription to Daily Enquirer entitles subscriber to one estimate.

50 cents without any subscription privilege, entitles subscribers to additional estimates, at rate of 50c for each estimate.

Do not make any estimate until you thoroughly understand this Profit-Sharing Plan of the Cincinnati Enquirer. All estimates must be made on blanks prepared for the purpose, and in conformity with rules and regulations made and provided.

## BREVITIES OF FUN.

"Mammy, daddy's done been hit by a mad dog!" "Well, don't you worry 'bout it—he's lots crazier than the dog ever was!"—Atlanta Constitution.

Dolly—"What do you do when you are writing a letter and make a hole?" "Madness—If it's to Charlie I draw a line around it and call it a kiss."—N. Y. Sun.

She—"It is a pretty sentiment, 'How blessings brighten as they take their flight.'" He—"Yes; did you ever hear of the first husband of a widow who was not an ideal man?"—Boston Transcript.

"It's an A display," said Mr. Pitt, at the dog show. "It's a first-class exhibition," replied Mr. Penn, "but you've got the wrong number." "How so?" "Instead of A it's K9."—Dog fancier's Gazette.

"My friends," said the orator, as he stood before the attentive audience, "I am full of uncertainty!" Here a number of boarding-house people in the front rows looked at each other significantly, and hoarsely whispered: "He has been eating hash!"—Baltimore American.

"Have you anything to say in your behalf?" inquired the judge. "You'll have to excuse me, judge," replied the prisoner. "But the fact is that my wife is the talkin' member of the firm, and if you'll let me send for her—" "Three years at hard labor," said the judge, with considerable haste.—Cleveland Plain Dealer.

## A REVENGEFUL MONKEY.

Tries to Kill Man Toward Whom He Has Taken Strong Dislike.

"Monkeys have their likes and dislikes, just like men," said a young man who lives uptown to a New Orleans Times-Democrat writer, "and I know it because of my recent experience at my boarding house. The lady who runs the house has a pet of this kind. He is an old-looking fellow, Hellocks like he might have come down from prehistoric times. We call him Jo, and some of the boarders have great deal of fun out of the old fellow. But Jo, for some reason, has taken a violent dislike for me, and he does not fail to show it whenever I get in his presence. His face is a perfect picture of terror when I enter the house, and I have been inclined to tease him since observing that he did not like me. This, of course, has aggravated the situation. His dislike has developed into a sort of revengeful hatred, and he has shown a disposition to do me bodily harm. I believe he would slay me if he could, and my experience with him during the past few days has convinced me that I will have to keep an eye on Jo or get hurt. I did not pay much attention to his grimaces, his ferocious jabbering and things of that sort. I knew he did not like me from these antics, but I did not think his dislike was as violent as it is. A few days ago, when I entered that portion of the house where Jo is chained, he grabbed a heavy glass tumbler and threw it at me with fearful force. I missed my head by an inch and broke into a hundred pieces against the wall. I made a few conciliatory remarks, but Jo did not take kindly to my advances. It was several days later when I threw a newspaper at Jo in a joking way. It threw him into a fit of rage almost instantly, but he exercised a bit of cunning which I did not think was in him. He held on to the newspaper with one paw and he held it so that it would conceal his claws and paw. I had no idea what Jo was doing until he buried a big lump of coal at me. He missed me again, and I got out of his range as soon as possible. Since then I have had nothing to do with Jo, and in the future I will give him a wide berth. I do not care to be killed by a monkey, and I am satisfied that Jo would kill me if he could. He has murdered his heart, so far as I am concerned, and he has proved the fact by his conduct toward me during the last few weeks."

## Flowers at Funerals.

"The clause 'please omit flowers,' so often seen in funeral notices, doesn't mean such a loss to us as you might suppose," says a florist. "It used to be that all the flowers received at a funeral were sent to the cemetery and placed upon the grave to wither. A great many people object to this procedure as a sinful waste, and these are the people who advertise 'Please omit flowers.' But the flowers are seldom really omitted. Some people don't see the announcement, or if they do, they don't heed it. The flowers come, just the same. In such cases the blossoms are usually given away, after the funeral services, to some hospital or institution where they contribute to the happiness of the living."—Philadelphia Record.

## WATCHING

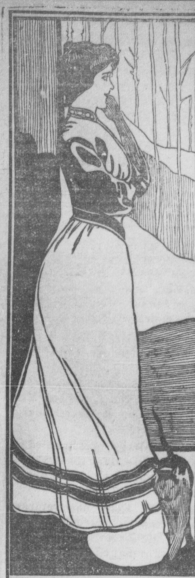

For the husband's homecoming does not usually outlast the early months of marriage. And this not because of any lessening of affection, but because the wife finds the time for the evening meal come before she is ready for it. She blames herself for her lack of energy, but the truth is that her vitality is being reduced by unhealthy drains, and the labor that seemed so light a few months ago now taxes all her strength.

Women who feel weak and tired out will find new strength in the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

In April 1900 my strength gave out and I was obliged to go to bed, suffering with female weakness, also bad ulcers and inflammation," writes Mrs. Ellen D. Kohn, of Pierceville, Mo., who writes: "I tried a physician's remedy for a month but got no better—only weaker. Tried another medicine six weeks, but got no better; was quite discouraged. My husband got me a bottle of Dr. Pierce's Favorite Prescription. I began taking it, and in two months I was able to do my household work. Took twelve bottles of 'Favorite Prescription,' also four of 'Golden Medical Discovery.' I regained my strength and weigh twenty-five pounds more than I ever did before."

Accept to substitute for Doctor Pierce's Favorite Prescription.

Dr. Pierce's Common Sense Medical Adviser in paper covers is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## THE AMERICAN MONTHLY REVIEW OF REVIEWS

THE AMERICAN MONTHLY REVIEW OF REVIEWS is commended by Statesmen, Professional men and thousands of others prominent in the world's activities, for its fine discrimination in sifting the actual news from conflicting report and the presentation of current events in their just proportion. They comment on its freedom from daily-paper sensationalism. All men and women who want to know what the world is doing find it an intellectual necessity, to judge from the letters received from hundreds. Its editorials are comprehensive, and labor saving to the busy man or woman. Its timely contributions on important topics are by the best-informed writers. Its reviews of other magazines give the best of their best work. It is profusely illustrated.

These letters will enable all thoughtful men and women to judge of its value to them:

## Cholera Morbus a Dangerous Disease.

In many instances attacks of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Bosworth, of Lafayette, Ala., says: "In June, 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in fifteen minutes." Mrs. J. H. Dagg, accompanied by her sister, Miss Mary Blackwell, of Henderson, has gone to Milwaukee, Wis., to visit relatives.

Mr. M. D. Kelly has returned from Cincinnati, where he visited his two little sons, who are attending school in that city.

Miss Ora Barrow, of near Earlington, is visiting the family of Mr. John W. Mitchell, on west Nineteen street.

Mr. Clarence Boyd, of Cleveland, O., Secretary of the Sunday School of the Salvation Army of the South, spent several days of last week with friends near Church Hill.

Mr. C. H. Nash Jr., left this morning for Grayson Springs to attend the 25th Annual meeting of the Pharmaceutical Association, which convenes there to-day for a four days' session.

Mrs. J. W. Porter, of Hypoluxo, Fla., is visiting relatives in this city. Mrs. Porter was formerly Miss Ella Ferguson, of this city, and married Mr. Porter about four years ago and went with her husband to Florida, where he operates a large vegetable farm in that state. Mrs. Porter will spend several weeks visiting in the city and will also visit relatives in the county before she returns home.

You have to pay a washerwoman cash for your washing, or if foreigners do it, you have to carry it to them, then call for it and pay for it before you get it. We claim to have one of the largest plants in the South and claim to do far superior work to either of above parties referred to. We call for your linen and deliver it, and, it is nothing unreasonable to expect to be paid for it when delivered, as we have forty hands dependent on us for weekly wages and cannot carry five hundred accounts on our books ranging from five cents (\$05) to one dollar (\$1.00).

If a merchant had a like set of books to contend with, he would either quit the business or get the cash.

For this reason nearly every town and city in the country has a cash laundry system, except Hopkinsville.

Now, why not help a home enterprise along by doing what they do everywhere else—pay for your work when delivered?

You can save ten cents on every dollar by buying a coupon book. Two dollars of laundry costs you only one dollar and eighty cents, notwithstanding you get at list price cheaper laundry than at Nashville or Evansville.

## SUMMER PROPER

Ushered in With Cold Wave—Warmer Weather Coming.

Last Saturday was the beginning of Summer proper but the temperature was that of early spring time. Many thought it was the coldest day for June in this vicinity in years, but about the same time last year and year before it was several degrees cooler. Sunday morning and again yesterday morning the mercury was in the fifties. The cold wave has extended all over the country, but warmer weather is predicted and in the next few days we may expect the mercury to hang up near the hundred mark.

## How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children & adults. No family can afford to be without it. For sale by C. K. Wyly.

## Don't Wait Until Fall TO BEGIN TO BUILD.

It takes a month or more to get the plan question settled, and the best houses can not be built in a hurry. A house built in the winter is seldom satisfactory, and a fall beginning means a winter ending. Furthermore, prices on all materials are generally higher in the fall. Then too, most people wait till then to build, and work brings a higher price when there is a great deal of it. Hence you have everything to gain and nothing to lose by building in the Spring and Summer.
